Professional Profile

Highly responsible and passionate Web Support Specialist with nearly 10 years of industry experience. Proven track record of successfully maintaining and enhancing client websites.

Leverages a foundational background in design and advertising to approach technical support with a creative, user-centric perspective and a strong commitment to client satisfaction.

Objectives

Dedicated professional seeking to contribute to company goals by leveraging existing skills while actively learning from a collaborative team environment. Committed to operational excellence, building strong workplace rapport, and maintaining an efficiency-first mindset to consistently meet or exceed project deadlines.

Work Experience

Website and Design Support | **AdtorqueEdge**

June 5, 2017 - June 18, 2026

- **Design and optimized high-converting landing pages** and websites tailored to client specifications.
- **Provided dedicated technical and design support** for a diverse client portfolio, with a primary focus on the automotive industry.
- **Maintained website functionality and visual appeal**, ensuring an exceptional user experience and strong client satisfaction.

(Note: A selection of managed websites and landing pages is featured in the portfolio section at the end of this document.)

Visual Designer | **TaskUs**

August 25, 2014 - November 12, 2016

- **Enhanced and optimized high-quality imagery** for e-commerce marketing materials to drive online engagement.
 - **Processed and retouched digital assets**, ensuring all visual content met strict brand guidelines and quality standards.
 - **Streamlined image workflows** to deliver polished, market-ready visuals for diverse online retail clients.
-

Graphic Artist | **Wild Fire Inc**

August 26, 2013 - February 26, 2014

- **Conceptualized and designed high-impact marketing collateral** and promotional banners tailored to client brand identities.
- **Developed architectural drafts and visual concepts** for experiential pop-up stores, ensuring seamless brand integration.
- **Produced polished, market-ready design assets** for recognized, high-profile brands, maintaining strict adherence to campaign guidelines.
